

# MOONBOX IO SHELL 65

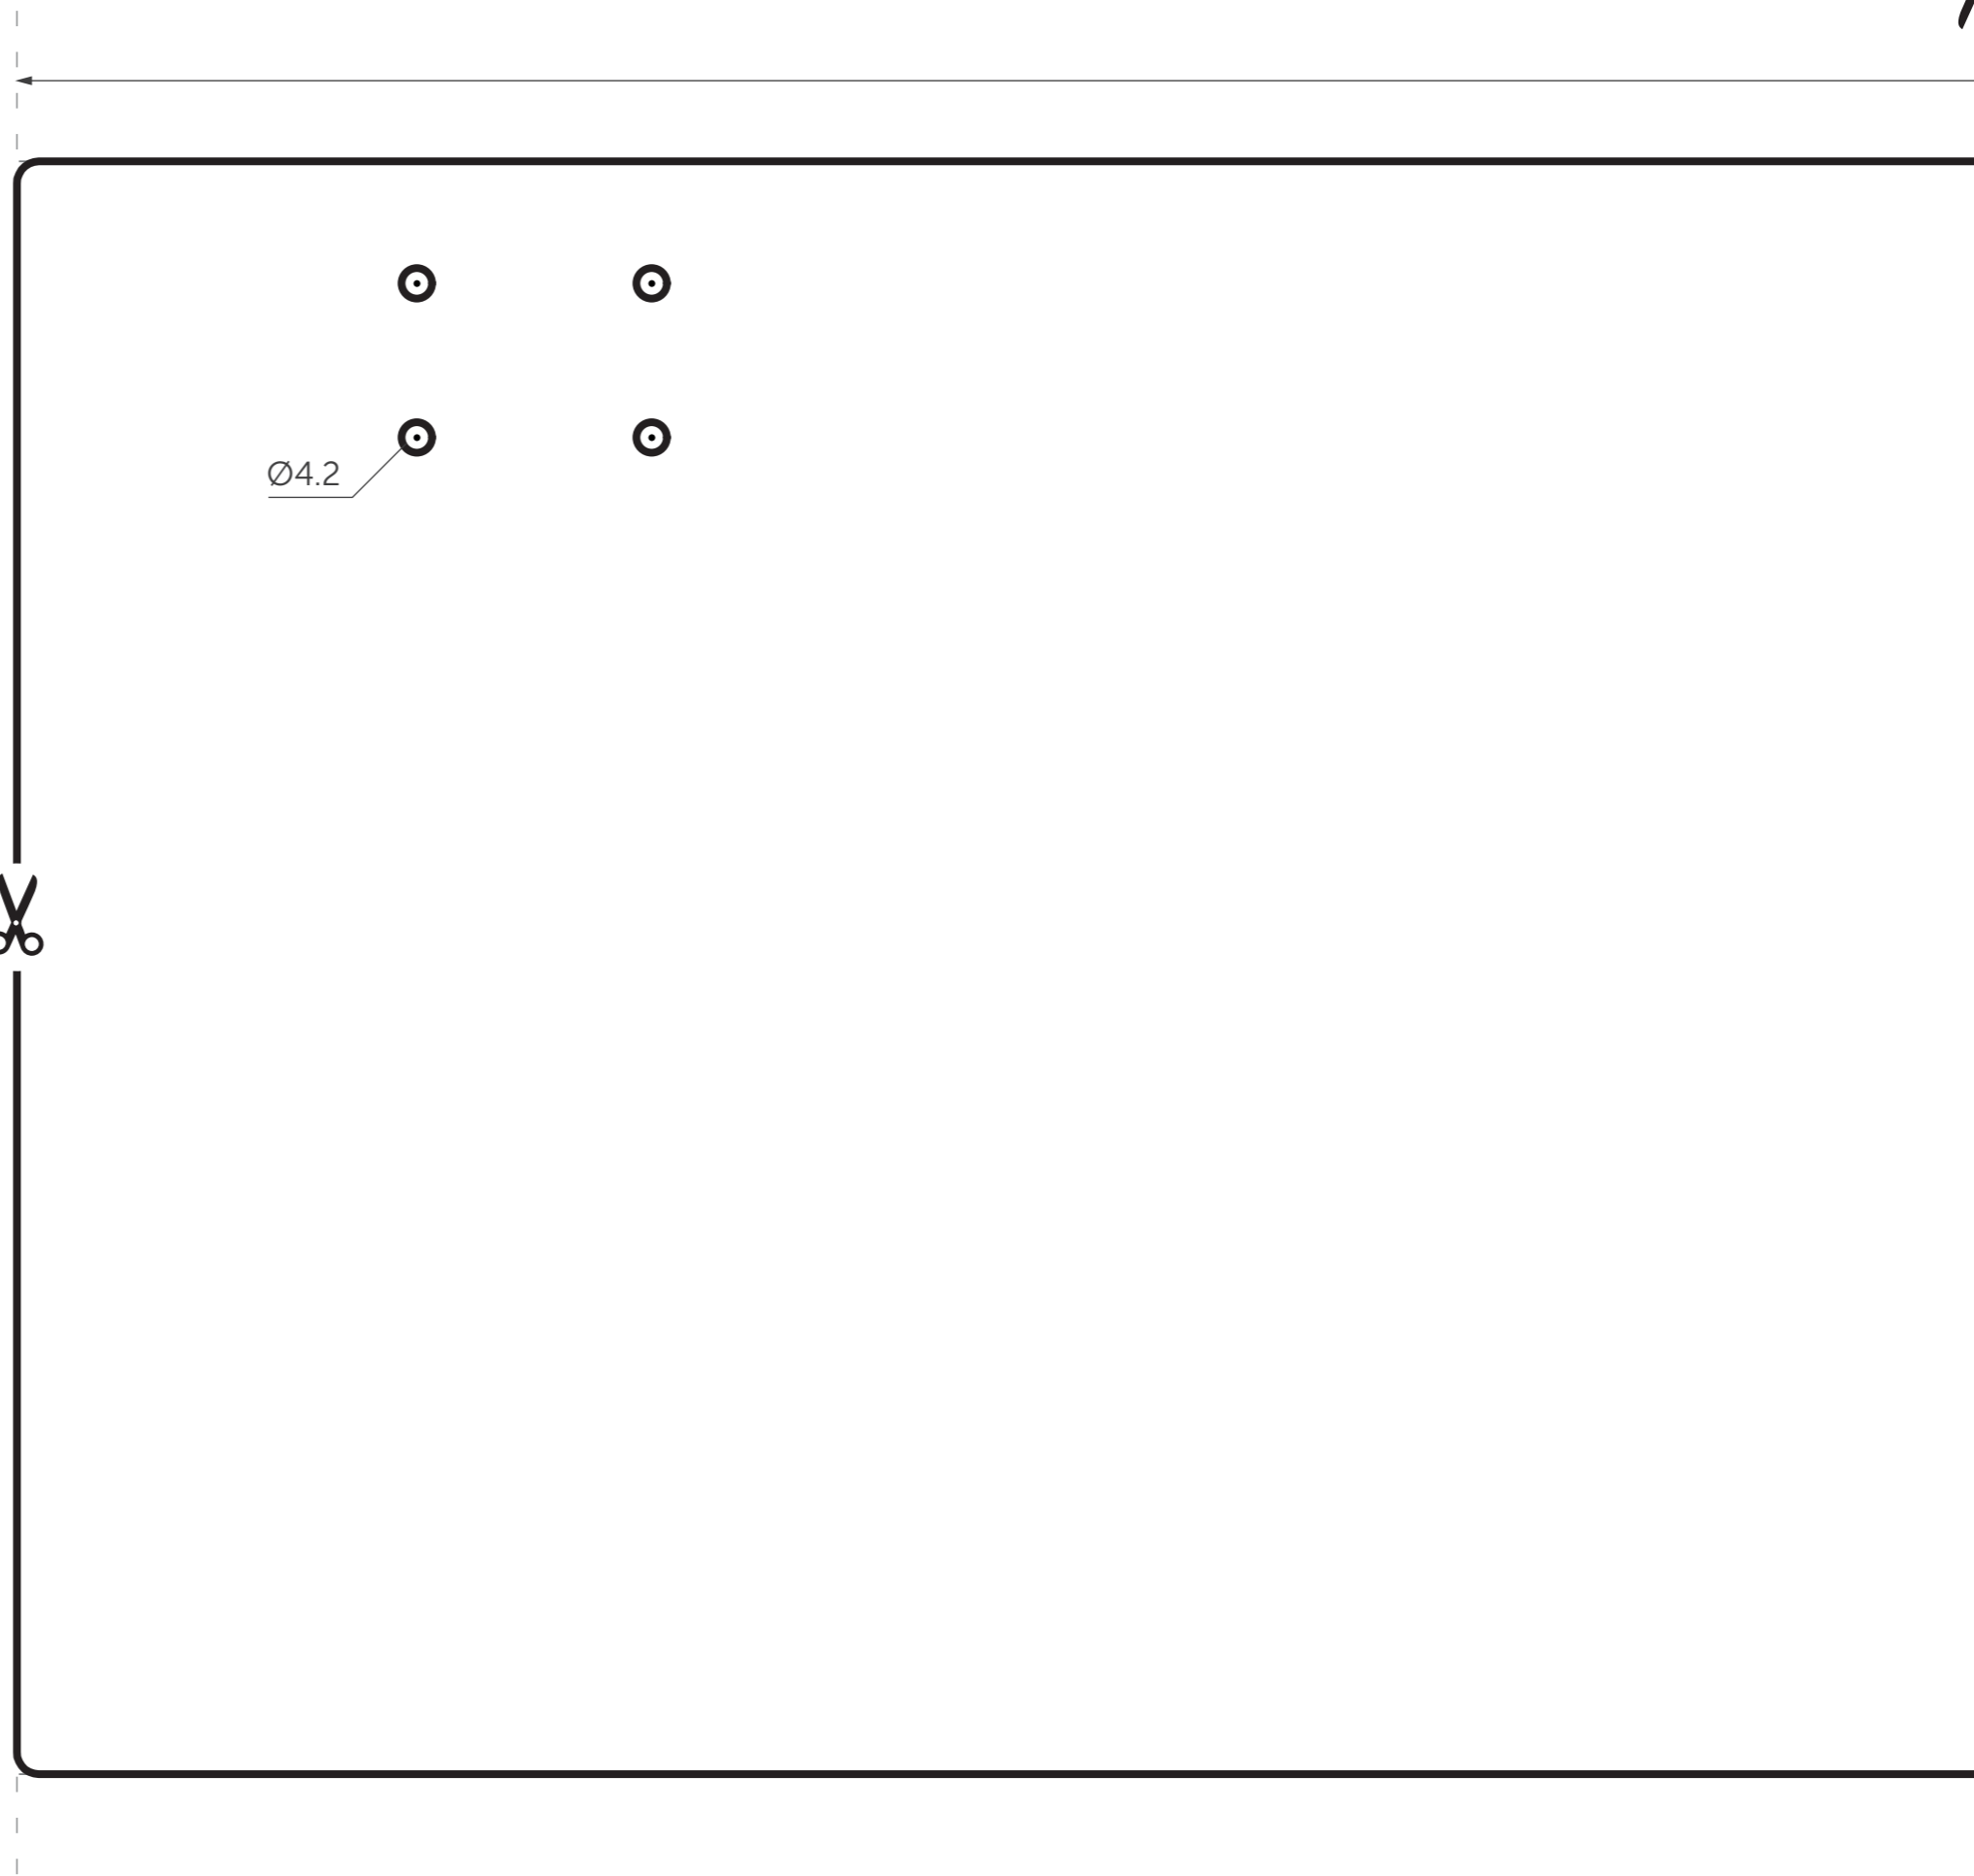

Product card – Front Moon Box IO SHELL 65,  
scale 1:1

2x **A3**  
format

## Attention!

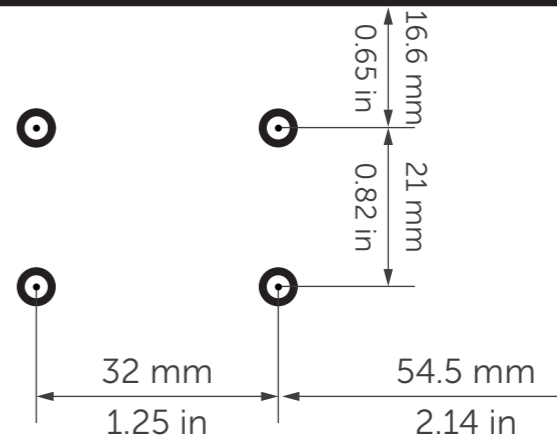

**Check the dimensions of the template after printing!**

Printers can automatically scale the printout, which in the case of technical templates can lead to errors. It is always a good idea to carefully check the dimensions of a template after printing before starting work. Taking a few minutes to check can save hours of rework and unnecessary waste of material.
